Allan Dulles 'Named' In French Spy Scandal

PARIS — (INS) — The French Communist party, apparently trying to divert suspicion from itself, made an effort today to link the name of Allen Dulles with France's dramatic spy scandal.

The head of America's Central Intelligence Agency and brother of Secretary of State John Foster Dulles was dragged into the scandal by the French Reds in an apparent effort to Communist headquarters as the receiving point for stolen French defense secrets.

The Communist party newspaper Humanite in Paris today published a photo of Allen Dulles among a group of pictures of the leading characters in the sensational espionage case.

The pictures were labelled with this caption: "Behind these faces is hidden the truth of the leakage affair." The word "leakage" referred to leaks of defense information from top-secret meetings of

the French National Defense Committee.

Humanite accused French authorities of refusing to "knock on the only door behind which is the truth — that of the Mafia which unites (former Paris police chief Jean) Baylot and (former interior minister Leon) Martinaud-Deplat reference to the OSS — the American Office of Strategic Services — was erroneous since that wartime agency was replaced several years ago by the CIA.

The pro-Communist newspaper Liberation, whose director, Emmanuel d'Astier de la Vigerie is one of the key figures in the scandal, also sought to give the impression that the U.S. Central Intelligence Agency is behind the whole affair.

Liberation asserted that the American secret service saved Paris police inspector Jean Dides from punishment "for being a member of the Vichy government's police" after the German occupation of France ended.
